Registration Notes for 1st & 2nd year Biology:

1. BIOL 112,121, and 140 are prerequisites to the Major or Honours program options in the Biology Program. Students who have completed Biology 12 may enter any of these courses directly. Students with Biology 11 may enter BIOL 112 if they have Chem 12; BIOL 112 is acceptable as prerequisite for BIOL 121. Students without high school biology must take BIOL 111 before registering in BIOL 112,121, and 140.
2. Students without Physics 12 must replace elective with PHYS 100 (prior to PHYS 101).
3. Three credits of first-year English courses may be deferred to second year.

Registration Notes for 3rd & 4th year Biology:

1. Students **must take** their physiology course sequence (BIOL 351/352, BIOL 361/360/362, or BIOL 361/363/364) **in third year**. If other constraints require that you take this course in 4th year you need the permission of your program advisor and let the Biology Office know.
 - If you intend to take BIOL 353 make sure you have the prerequisites BIOL 204
2. **Biochemistry requirement** – Students may take BIOC 303 instead of BIOC 302 and in this case the number of CGBI electives is reduced to 15 credits instead of 18.
3. Students are encouraged to undertake 3 to 6 credits of **Directed Studies** (BIOL 448). Three credit of BIOL 448 may be counted as a Cell Biology & Genetics Elective with the permission of either their supervisor (if in Botany/Zoology) or a Cell Biology & Genetics Program Advisor.
4. **Cell & Genetics Electives** - Of 18 credits, 6 must be BIOL (**not including BIOL 448**) see list on reverse side.
4. **Faculty of Science Elective Requirements** (*May be any level as long as the upper level requirement of 48 upper level credits including at least 30 credits from the Faculty of Science is satisfied.*)
 - **Arts Electives** - 12 credits from the Faculty of Arts
 - **Breadth Electives** – 9 credits must be in Arts or in Science outside the field of major. *The field of major being Life Sciences breadth electives cannot be BIOC, BIOL, MICB, MRNE, EOSC 371, 470, 471, 474, 475, 476, 478; PSYC 304, 306, PSYC (Science) and Science credit courses in the Faculties of Medicine and Land & Food Systems.*
 - **Electives** – May be from any faculty.
