

ANIMAL CARE CERTIFICATE

Application Number: A11-0402

Investigator or Course Director: [Dolph Schluter](#)

Department: Zoology

Animals:

Sticklebacks 4000
Fish Prickly sculpin 40
Trout Cutthroat 20

Start Date: December 16, 2011

Approval Date: February 25, 2013

Funding Sources:

Funding Agency: Society for the Study of Evolution

Funding Title: A genomics approach to investigating the role of bacterial symbionts in vertebrate adaptation and sp...

Funding Agency: National Institutes of Health

Funding Title: The genetics of parallel reproductive isolation in stickleback species pair .

Funding Agency: Fred Hutchinson Cancer Research Centre

Funding Title: The genetics of parallel reproductive isolation in stickleback species pairs

Funding Agency: National Institutes of Health

Funding Title: The genetics of parallel reproductive isolation in stickleback species pairs

Funding Agency: Natural Sciences and Engineering Research Council of Canada (NSERC)

Funding Title: Mechanisms of adaptive radiation

Funding Agency: National Institutes of Health

Funding Title: 1 F32 GM086125-01 Genetics of Behavioral Reproductive Isolation in Threespine Stickleback, Schluter/Arnegard

Funding Agency: National Institutes of Health

Funding Title: 1 R01 GM089733-01A1 The Genetics of Parallel Reproductive Isolation in Stickleback Species Pairs

Unfunded title: N/A

The Animal Care Committee has examined and approved the use of animals for the above experimental project.

This certificate is valid for one year from the above start or approval date (whichever is later) provided there is no change in the experimental procedures. Annual review is required by the CCAC and some granting agencies.
