

ANIMAL CARE CERTIFICATE

Application Number: A11-0402	
Investigator or Course Director: <u>Dolph Schluter</u>	
Department: Zoology	
Animals:	
Trout Cutthroat 20	
Sticklebacks 4000	
Fish Prickly sculpin 40	
Start Date:	December 16, 2011 Approval Date: April 8, 2014
Funding Sources:	
Funding Agency:	National Institutes of Health
Funding Title:	The genetics of parallel reproductive isolation in stickleback species pair .
Funding Agency:	Fred Hutchinson Cancer Research Centre
Funding Title:	The genetics of parallel reproductive isolation in stickleback species pairs
Funding Agency:	National Institutes of Health
Funding Title:	The genetics of parallel reproductive isolation in stickleback species pairs
Funding Agency:	Natural Sciences and Engineering Research Council of Canada (NSERC)
Funding Title:	Mechanisms of adaptive radiation
Funding Agency:	Society for the Study of Evolution
Funding Title:	A genomics approach to investigating the role of bacterial symbionts in vertebrate adaptation and sp
Funding Agency:	National Institutes of Health
Funding Title:	1 R01 GM089733-01A1 The Genetics of Parallel Reproductive Isolation in Stickleback Species Pairs
	-
Funding Agency:	National Institutes of Health 1 F32 GM086125-01 Genetics of Behavioral Reproductive Isolation in Threespine
Funding Title:	Stickleback, Schluter/Arnegard

Unfunded title: N/A

The Animal Care Committee has examined and approved the use of animals for the above experimental project.

This certificate is valid for one year from the above start or approval date (whichever is later) provided there is no change in the experimental procedures. Annual review is required by the CCAC and some granting agencies.
