

ANIMAL CARE CERTIFICATE

Application Number: A16-0044

Investigator or Course Director: [Dolph Schluter](#)

Department: Science

Animals: Sticklebacks Threespine stickleback 5000
Trout Cutthroat trout 20
Fish Prickly sculpin 150

Start Date: 25 February 2016 **Approval Date:** March 22, 2016 **Expiration Date:** March 22, 2017

Funding Sources:

Funding Agency: John Templeton Foundation

Funding Title: The origin of species in action: synthesizing experimental studies of evolution with genomics

Funding Agency: Fisheries and Oceans Canada

Funding Title: Assessing the potential for generation of transgenic sticklebacks

Funding Agency: Society for the Study of Evolution

Funding Title: A genomics approach to investigating the role of bacterial symbionts in vertebrate adaptation and speciation

Funding Agency: Natural Sciences and Engineering Research Council of Canada (NSERC)

Funding Title: Ecological and genetic mechanisms of adaptive radiation

Funding Agency: UBC Faculty of Science

Funding Title: Unrestricted research fund

The Animal Care Committee has examined and approved the use of animals for the above experimental project.

Annual review is required by the CCAC and some granting agencies.

A copy of this certificate must be displayed in your animal facility.
