

THE UNIVERSITY OF BRITISH COLUMBIA

ANIMAL CARE CERTIFICATE

Application Number: A20-0050

Investigator or Course Director: [Dolph Schluter](#)

Department: Zoology

Animals: Trout Cutthroat trout 20
Fish - other Prickly sculpin 150
Stickleback Threespine stickleback 2000
Stickleback Threespine stickleback 6000

Start Date: April 28, 2020

Approval Date: May 4, 2022

Expiration Date: April 28, 2023

Funding Sources:

Funding Agency: UBC Faculty of Science
Funding Title: Unrestricted research fund

Funding Agency: UBC Unrestricted Research Funds
Funding Title: Unrestricted research fund

Funding Agency: American Society of Naturalists
Funding Title: Biomechanical incompatibilities and mutation-order speciation

Funding Agency: UBC Department of Zoology
Funding Title: Unrestricted research fund

Funding Agency: UBC Faculty of Science
Funding Title: Canada Research Chair Tier I in evolution and ecology - Dolph Schluter

Funding Agency: Natural Sciences and Engineering Research Council of Canada (NSERC)
Funding Title: Ecological and genetic mechanisms of adaptive radiation

Funding Agency: Natural Sciences and Engineering Research Council of Canada (NSERC)
Funding Title: Evolution of species interactions in adaptive radiation

The Animal Care Committee has examined and approved the use of animals for the above experimental project.

Annual review is required by the CCAC and some granting agencies.

A copy of this certificate must be displayed in your animal facility.
